

**PICOCUT 6012**  
**A Unique High Performance Chlorine-free Cutting Oil**  
**for**  
**Medical and Aerospace Applications**

PICOCUT 6012 is a value-enhanced, chlorine-free formulation of premium-quality oils and additives designed for use on difficult ferrous, stainless, titanium, inconel, aluminum, and other special alloy metals and materials used in the medical and aerospace industries.

PICOCUT 6012 offers extreme pressure performance, high lubricity, oxidation resistance, and clean running properties for enhanced tool life, brighter surface finishes, and a long, stable solution and sump life, even under high-pressure conditions.

**PICOCUT 6012 HIGHLIGHTS**

- Chlorine free
- Pleasant odor
- Clean running
- Easy clean-off
- Long sump life
- Clear blue color
- Operator friendly
- Superior finishes
- Excellent tool life
- Excellent lubricity
- Oxidation resistant
- Environmentally friendly
- Helps achieve tight tolerances
- Eliminates sump side additives
- Low foaming under high pressure
- Reduces smoke and fire conditions
- Non-staining and excellent corrosion protection
- Replaces chlorinated oils and water soluble fluids
- Easily removes contamination by filtering or centrifuging
- Comprehensive penetration and cooling of tooling and metal interfaces

PICOCUT 6012 is recommended for a variety of metalworking applications such as: cutting, drilling, threading, reaming, broaching, grinding, rollforming, slotting, cold heading, stamping, and drawing.

PICOCUT 6012 is not recommended for use on copper, brass, or bronze alloys. Contact PICO for alternative product recommendations.

PICO metalworking solutions help improve productivity, performance, quality, and environmental compliance.

PICO Chemical Corporation is an ISO 9001:2008 certified manufacturer of value-enhanced specialty chemicals and lubricants to clean, condition, lubricate, and protect metalworking processes since 1976.
