

PICOCLEAN Rust and Scale Remover Fluids

PICOCLEAN Rust and Scale Removers are environmentally friendly and designed to remove rust safely, economically and quickly. They help eliminate the use of hazardous heavy acids, alkaline-based chemicals, and/or shot blasting.

PICOCLEAN X-RUST: A pH-neutral concentrate. Dilute up to 25% in water. Use by immersion only, from room temperature to 140°F (60°C).

PICOCLEAN XR 100: Ready-to-use version of X-RUST. Use as received by immersion only, from room temperature to 140°F (60°C).

PICOCLEAN XRT: Semi-viscous, ready-to-use by spray or brush application on horizontal, vertical, inclined, or round surfaces. pH neutral.

PICOCLEAN XR 11: Mildly acidic, inhibited, water-based rust, scale and oxidation remover. Use as received or dilute with water, depending on need.

PICOCLEAN XR 22: Viscous version of XR 11 for horizontal, vertical, inclined, or round surfaces. Use as received.

PICOCLEAN XRF 160: "New generation" white rust remover for use on aluminum. Use as received or dilute with water by brush, soak, or spray.

PICOCLEAN FS 100: Mildly acidic, inhibited, water-based rust, scale and oxidation remover. Use as received or dilute with water, depending on need. Also brightens aluminum.

PICOCLEAN 5016: Mildly acidic, inhibited, water-based rust, scale and oxidation remover. Use as received or dilute with water, depending on need. Can be used on all soft metals.

RPO: A solvent-based, multipurpose combination **rust penetrating lubricant**, rust remover, and corrosion inhibitor for ferrous and non-ferrous metals.

PICO Chemical Corporation is an ISO 9001 certified manufacturer of specialty chemicals and lubricants to clean, condition, lubricate, protect, and provide value for steel producing, metalworking, metal finishing, metal processing, metal fabrication, and their related industrial applications worldwide since 1976.
