

PICOCLEAN FS 710

Multifunctional Cleaner

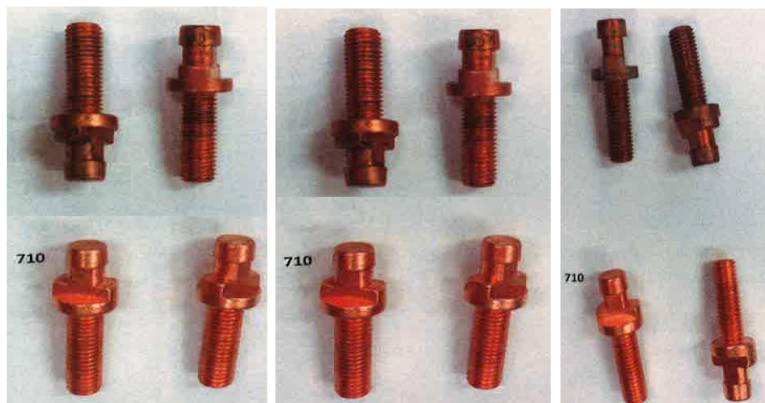

-  A water-based cleaner specially formulated to clean and brighten non-ferrous metals.
-  Quickly and effectively removes machining oils and coolants, drawing/stamping fluids, oxides, and dirt and soils during the initial cleaning phase.
-  Highly recommended for cleaning, conditioning, and brightening brass, copper, aluminum, stainless steel, and ferrous.
-  Offers substantial savings in pre and post-cleaning labor, time, chemical, and maintenance costs.
-  Consolidates the use of many common or ineffective industrial cleaners.
-  May be used at full concentration or diluted in water at room temperature or up to 120°F (49°C) by brush, soak, or spray. Cleaning effectiveness is dependent upon concentration, the type and degree of build-up, application method, and time allowed for cleaning.

PRODUCT FEATURES AND BENEFITS

- | | |
|---|--|
|  Fast acting |  First wash clean |
|  Cost effective |  Hard water stable |
|  Multifunctional |  No pre-cleaning necessary |
